Cutcherymund, July 22, 1913

No. 358.—Under section 156 of the Sea Customs Act (VIII of 1878) and in supersession of the rules published in notification No. 192, dated 25th April 1912, on pages 494 and 495 of Part I of the *Fort St. George Gazette*, dated 7th May 1912, His Excellency the Governor in Council is pleased to make the following rules for ascertaining and determining what imported spirit shall be deemed to have been effectually and permanently rendered unfit for human consumption and for causing imported spirit to be so rendered. They will come into force at once.

(1) Denatured spirit is spirit rendered effectually and permanently unfit for human consumption by the admixture of light camatchouzine and crude pyridine bases wholly made from a mineral source as per specifications appended or wood-naphtha or other special denaturants, as proved by the Board of Revenue.

(2) Spirit denatured with light camatchouzine and pyridine bases may be imported by sea. Spirit treated with wood-naphtha or other special denaturants can be imported only with the special sanction of the Board.

(3) Whenever spirit is imported which is said to have been effectually and permanently rendered unfit for human consumption and on which it is proposed to pay duty *ad valorem*, the Customs Collector shall send a sample of such spirit to the Board's Laboratory for examination and report. On receipt of this report, the Collector shall decide whether the claim shall be admitted or not. The Collector shall not admit the claim if the spirit is of less strength than 50° over-proof and unless the

importer satisfies the Collector that he is duly licensed to transport and possess such spirit. In the case of imports by sea from other Presidencies a certificate from the Collector of Customs at the port of shipment to the effect that the spirit is not of less strength than 50° over-proof and that it has been fully denatured with the prescribed denaturants may be accepted in lieu of the Board's report

(4) Spirit that has not been effectually and permanently rendered unfit for human consumption shall either be so rendered or shall pay duty at the full tariff rate.

(5) Imported spirit may be rendered unfit for human consumption under the supervision of officers of the Customs Department by admixture of light caoutchoucine and pyridine bases, provided (1) that the light caoutchoucine and pyridine bases to be mixed with the spirit must first be tested and approved in the Board's laboratory, (2) that they must be kept under lock and key by, and be used under the supervision of, the Customs Collector, (3) that they must be used in the proportion of half a gallon of light caoutchoucine and half a gallon of pyridine bases to 99 gallons of the spirit and (4) that the spirit shall not be of less strength than 50° over proof. Similar conditions apply to the use of wood-naphtha, in the special cases where its use is permitted, with this difference that one part by volume of crude wood naphtha of a strength not less than 50 per cent. over-proof shall be mixed with nine parts of spirit. The Board's previous sanction should be obtained in cases of special methods of denaturation for spirit intended for use in particular arts and manufactures.

(6) Any expense which may be incurred by the Collector of Customs in rendering spirit unfit for human consumption or in ascertaining that it has been so rendered shall be paid by the importer.

(7) The quantity of spirit rendered unfit for human consumption which may be removed from the Custom-house at any one time shall not exceed the limit prescribed in the rules made under sections 13 and 15 of the Madras Abkári Act, 1886. The Customs Collector will send an advice promptly of each issue of denatured spirit that he makes to the Inspector of the Circle to which the spirit is consigned.

(8) When any such spirit is imported in excess of the limit prescribed, the importer may bond such excess part of the consignment or the whole.

APPENDIX.

Chemical laboratory tests to ascertain the suitability of samples of light caoutchoucine and pyridine bases for denaturing alcohol.

Light Caoutchoucine.

1. *Nature.*—By "caoutchoucine" is meant the liquid obtained by the dry distillation of vulcanised rubber. By "light caoutchoucine" is meant the liquid obtained by redistilling "caoutchoucine" and collecting that portion which passes over at or below about 200° C.

2. *The specific gravity of light caoutchoucine.*—The specific gravity of light caoutchoucine at 60° F should lie between ·834 and ·849 referred to water as 1·000.

3. *Boiling test.*—For the purpose of this test, 100 c.c. of light caoutchoucine should be redistilled in the pyridine testing flask (see specification for pyridine bases). Under these conditions not more than 15 c.c. of distillate should pass over at or below 105° C whilst a total (including the foregoing) of at least 70 c.c. should pass over at or below 200° C.

4. *Absence of soluble constituents.*—When 25 c.c. of light caoutchoucine are shaken with an equal volume of water in a stoppered graduated cylinder and due time is allowed for the liquids to separate again into two layers, the light caoutchoucine should show no appreciable diminution in volume.

5. *Neutrality.*—The aqueous layer obtained from test 4 should show no marked acidity or alkalinity when tested with both red and blue litmus paper.

6. *Limit of saturated hydrocarbons.*—At least 70 per cent. of the light caoutchoucine should be soluble in concentrated sulphuric acid. For testing this, 25 c.c. should be measured off into a tapped and stoppered separating cylinder of suitable capacity and sulphuric acid should be added, at first with great care and in very small quantities. After each addition of acid, the cylinder should be shaken and cooled to avoid loss of volatile constituents. Sufficient acid must be used (usually about 50 c.c.) for the high coloured layer to become quite fluid so that it can separate readily from the upper layer of unattacked constituents. After a final thorough shaking and cooling, the cylinder should be left for about three hours to effect complete separation of the two layers and the lower layer be then tapped off. The almost colourless upper layer should be again shaken with strong sulphuric acid until it appears free from soluble constituents (as judged by the colour imparted to the sulphuric acid) and separated as before after standing. It should finally measure not more than 7 c.c. The acid used should be of specific gravity 1·84 and may be of commercial quality.

7. *Freedom from water.*—Light caoutchoucine should not contain any appreciable amount of water. Any officer engaged in drawing samples for test should satisfy on the bottle that he has drawn the the sample from the bottom of the containing vessel where the water, if present, will be found. For this purpose he should employ a syphon tube of which the shorter limb reaches to the floor of the containing vessel. He should also assure himself that the sample is collected in a bottle free of moisture.

Pyridine Bases.

I. *Colour.*—The colour must not be darker than that given by two cubic centimetres of decinormal iodine solution dissolved in one litre of distilled water.

II. *Miscibility with water.*—Twenty c.c. of the pyridine bases should give a clear mixture with 40 c.c. of water; or else a mixture only so slightly opalescent that, after standing for five minutes, ordinary newspaper type is clearly visible through a layer 15 c.m. deep.

III. *Amount of water present.*—From 20 c.c. of the pyridine bases mixed with 20 c.c. of caustic soda solution (density 1·4), at least 18·5 c.c. of the bases should separate, after having been repeatedly shaken together and allowed to stand.

IV. *Titration.*—Dissolve 1 c.c. of the pyridine bases in 10 c.c. of distilled water. Titrate with normal sulphuric acid until a drop of the mixture gives a definite blue spot on congo-red paper (the blue colour should at once disappear). At least 10 c.c. of the normal sulphuric acid should be required to produce this reaction. (To prepare the congo-red paper, dissolve one gram of congo-red in one litre of distilled water. Soak filter paper in this and then dry.)

V. *Cadmium chloride reaction*.—Vigorously shake together 10 c.cs. of a solution of 1 c.c. of pyridine bases in 100 c.cs. of distilled water with 5 c.cs. of a 5 per cent. solution of dry fused cadmium chloride. A distinct crystalline precipitate should immediately result.

VI. *Boiling point*.—Distil 100 c.cs. of the pyridine bases in the manner described below. At least 90 per cent. should distil over at or under 140°C.

Method.—One hundred c.cs. of pyridine bases are placed in a short-necked copper flask of about 200 c.cs. capacity. The flask is arranged on an asbestos card which has a circular hole of 30 m.m. diameter cut in it. To the flask is attached a fractionating column (consisting of a tube 18 m.m. wide and 170 m.m. long provided with one bulb) of which the side tube (resting 1 c.m. above the bulb) joins a Liebig's condenser of which the sealed part is at least 400 m.m. long.* A standard thermometer is placed in the head of the column so that its bulb occupies the centre of the bulb of the column.

The speed of distillation is adjusted to 5 c.cs. per minute, the distillate being received in a graduated glass cylinder. At least 90 c.cs. should distil over at or under 140°C at a barometric pressure of 760 m.m.

If the barometer varies from 760 m.m., a correction of 1°C. for each 30 m.m. of variation should be applied (*e.g.*, under 770 m.m. of pressure 90 c.cs. of distillate should come over at or under 140·3°C., whilst under 750 m.m. the same amount of distillate should come over at 139·7°C.).

NOTE.—Pyridine proper is a single definite compound (C_5H_5N) boiling at about 115°C. Pyridine bases are mixtures of pyridine with closely allied compounds boiling at various temperatures. They are cheaper and more effective denaturants than the pure pyridine.

* The above pattern is that specified in the German Government's Regulations and has been suggested for adoption as being a simple form obtainable in every chemical laboratory. The more modern double-surface condenser may, of course, be substituted where available.

Ootacamund, July 19, 1913.

No. 360.—His Excellency the Governor in Council is pleased to declare, under the provisions of section 16 of the Madras Forest Act (V of 1882), that the area, the boundaries of which are set forth in the schedule below, shall be constituted a "Reserved Forest" from 15th September 1913.

SCHEDULE.

District.	Taluk.	Name of village.	Name of forest.	Particulars and boundaries.
Kurnool.	Dhone.	Buggunapalli ...	Patton addition.	The addition consists of 9·12 acres survey No. 434 of Buggunapalli village. *North and West*.—Starting from the south-west corner of survey No. 434 of Buggunapalli the western boundary of that number to its northernmost point. *East*.—From the northernmost point of survey No. 434 of Buggunapalli, the east and south east sides of that number to the southern bank of the Goosam Vagu. *South*.—Then the southern boundary of the Goosam Vagu to the starting point.

Ootacamund, July 29, 1913.

No. 361.—Under section 11 (*c*) and (*d*) of the Sea Customs Act VIII of 1878 and in modification of Notification No. 48, dated 15th January 1910, printed in pages 94 to 103, Part I of the *Fort St. George Gazette*, dated 25th January 1910, in so far as it relates to the port of Kayalpatnam, His Excellency the Governor in Council is pleased to declare the place specified below as Wharf No. 1 of the port of Kayalpatnam:—

No. 1161.—Under the provisions of sub-section (1) of section 25 of the Indian Tramways Act, XI of 1886, the following rule, which it is proposed to issue on for clause (*h*) of sub-section (1) of section 24 of that Act, is hereby published for general information :—

Rule

The Madras Electric Tramways (1904), Limited, shall send immediate reports to the Commissioner of Police, Madras, of all accidents involving death or grievous hurt caused by, or in connection with, tramcars.

Any objection or suggestion which may be made in respect of the above rule by any person interested therein will be considered, if submitted to Government within one month from the date of its first publication in the *Fort St. George Gazette*.

No. 1162.—The following notifications Nos. 641 to 644 of the Government of India, Army Department, relating to Cantonments Regulations published at pages 730 and 731 of Part I of the *Gazette of India*, dated 26th July 1913, are hereby republished :—

No. 641.—In exercise of the powers conferred by section 24 of the Cantonments Act, 1910 (XV of 1910), the Governor-General in Council is pleased to amend the Cantonment Code, 1912, to the extent set forth below :—

In Schedule VI, Annexure to Form "A," Condition IX (iv) shall be omitted.

In Schedule VI, Form "C" at the foot of page 203 the following note shall be inserted :—

"*Note.*—Conditions VII (1) and (2), and Condition IX (1) and (2), first and second clauses.

These conditions provide for alternative leases. In the first the buildings on the site become the property of the Local Government on the termination of the period for which the lease is granted. In the second alternative the lease is renewable at the discretion of the Officer Commanding the Division, but when renewal is refused the lessee must deliver up the site and all buildings and erections thereon, receiving compensation for such buildings and erections as have been made under proper authority. In the first alternative, Conditions VII (2), and IX (2) first and second clauses, will be

struck out, in the second alternative they will be retained and IX (1) struck out. In the latter form renewals can be granted by the Officer Commanding the Division from time to time as often as may be considered desirable since the second and subsequent leases may, if the Officer Commanding the Division thinks fit, contain the Conditions VII (2) and IX (2) first and second clauses."

In Condition IX (2) of Form "C" on page 204, against (iv) of the fourth clause the following marginal note shall be inserted :—

"To be struck out if Conditions VII (2) and IX (2) first and second clauses are retained."

In Schedule VI, Form "D," at the foot of page 210 the following note shall be inserted :—

"*Note.*—Conditions XXV (1) and (2), and Conditions XXVII (1) and (2) first and second clauses.

These conditions provide for alternative leases. In the first the buildings on this site become the property of the Local Government on the termination of the period for which the lease is granted. Plague.

NOTIFICATIONS.

Ootacamund, August 2, 1913

No. 156-P.—Whereas the Governor in Council is satisfied that there is danger of an outbreak of plague at Vaniyambadi in the Tirappattur taluk of the North Arcot district, if persons from the infected portions of the Coimbatore and Bellary districts, the Mysore State and other parts declared to be infected with plague are permitted to visit that place on the occasion of the ensuing Bakreed festival;

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, the Governor in Council prohibits the attendance at the said festival from the 21st August to 6th September 1913, inclusive, of persons from the said parts.

All persons proceeding to the said festival in contravention of this notification will be turned back.

No. 346.—The following Order of His Majesty in Council for giving effect to the accession of the Netherlands on behalf of the Netherlands East Indies and Curaçao to the International Copyright Union, published in the *London Gazette* of the 15th April 1913, is re-published for general information :—

At the Court at *Buckingham Palace*, the 11th day of April 1913.

PRESENT:

The King's Most Excellent Majesty,

Lord President,	Lord Chamberlain.
Viscount Allendale,	Mr. J. A. Pease.

WHEREAS His Majesty, by virtue of the authority conferred on Him by the Copyright Act, 1911, and having regard to the provisions of the Berne Copyright Convention, was pleased to make an Order in Council, dated the 24th day of June 1912 (hereinafter called the Principal Order), extending the protection of the said Act to certain classes of works to which protection is guaranteed by the said Convention :

And whereas by Orders in Council, dated the 17th day of March 1913, the provisions of the Principal Order were extended, subject to certain modifications, to Denmark and the Netherlands.

And whereas the Kingdom of the Netherlands has acceded on behalf of the Netherlands East Indies and the Colony of the Curaçao to the said Berlin Copyright Convention, subject to the reservations mentioned in the schedule to this Order:

Now, therefore, His Majesty, by and with the advice of His Privy Council, and by virtue of the authority conferred upon Him by the Copyright Act, 1911, is pleased to order, and it is hereby ordered as follows:—

(1) The Principal Order shall extend to the Netherlands East Indies and the Colony of Curaçao as if they were amongst the foreign countries of the Copyright Union thereon named, subject to the following modifications:—

(a) The provisions of Article (2), Proviso (iii) (b), and of Article (3), Proviso (iii) (c), of the Principal Order shall apply as if the Netherlands East Indies and the Colony of Curaçao were included amongst the foreign countries named in those provisions.

(b) In the application to works of which the country of origin is the Netherlands East Indies or the Colony of Curaçao of Sections 1 (3) (d) and 19 of the Copyright Act, 1911, the date of this Order shall be substituted for the commencement of the Act in Sections 19 (7) and 19 (8) wherever that expression occurs, and the 1st April 1913, for the passing of the Act.

(c) In the application to such works of the provisions of Section 24 of the Copyright Act, 1911, the date of this Order shall be substituted for the commencement of the Act wherever that expression occurs in Sub-section (1) (a), and for the 26th July 1910, in Sub-section 1 (b).

(d) In the application to such works of the provisions of Article (3) of the Principal Order the date of this order shall be substituted for the commencement of the Principal Order.

And the Lords Commissioners of His Majesty's Treasury are to give the necessary Orders accordingly.

Almeric Fitzroy.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must inscribably be the place where he is employed or ordinarily resides, or should it not be a centre, the place nearest to it where the examination is held*. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned, at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 20th August. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette, *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by competent authority, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical Examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, whenever the syllabus require it, submit, before the 31st August, the necessary drawings, plans, surveys, field books, estimates, or other "certified works". Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

* The examinations in Tailoring (Elementary and Intermediate Grades) will be conducted according to the Syllabus revised up to the 24th February 1913.

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is quite satisfactory, and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicion attaches to any certified works submitted by pupils from Technical Schools the Commissioner will be compelled to recommend to the authority concerned the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings etc., of each candidate should be submitted in a separate roll for each subject and for each grade (*i.e.*, the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink :—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and not *rolled up* with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's office on or before the 31st August, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and some up for different grades.

11. Candidates in the mofussil should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in the Native States of Mysore, Travancore and Cochin should obtain them from the Honourable the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Nungambakkam, and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mofussil requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs.	Rs.
For each subject	3	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras, attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fees be received in the Commissioner's office, whether sent through or by Post Office orders. No application will be registered unless it reaches the Commissioner's office, by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fee should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books estimates, or other "certified works" that may be sent, but should be submitted in a separate cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner
for Government Examinations,
Nungambakkam, Madras, S.W.

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post card in their respective applications.* The post card should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with the "Received" stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's names and their house names *distinctly* and *in full* in their applications and give their *address in full* also; if "Other Hindus", they should state in column 3 of their applications whether they are "Non-Brahman Caste Hindus" or "Panchamas". Applications which are irregular or defective in any particular will not be taken notice of.

NOTE.—The occupation or profession of candidates or the appointments held by them should invariably be stated—in full—in column 10 of their applications.

16. *The fee paid will, in no case whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fees, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written, or the Oral and Practical examinations.*

17. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (late Preliminary) where the examination is of two grades—Intermediate and Advanced—must in their applications cite the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

18. The examinations in the subjects under "Drawing, etc.", will be conducted in the order of time and subjects set forth in the following table. *Candidates will not be allowed to come up in more than one of the subjects bracketed together for the same time on the same day in the table below, or for more than one grade of examination in the same subject in the same year.*

J. H. MELVILLE,
Ag. Inspector of European & Training Schools, and President of the European School & Scholarship Examination Board.

EUROPEAN SCHOOL AND SCHOLARSHIP EXAMINATIONS—1913.

The examinations will be held on Monday, November 24th, 1913, and following days for the purpose (i) of awarding scholarships at the conclusion of the Middle and High School standards, respectively, (ii) of testing the attainments of the scholars at the conclusion of their school career on completing the Middle or High School course.

2. These examinations will be open only to European Scholars from recognised European schools in the Civil and Military Station, Bangalore, and in the Madras Presidency and to *bonâ fide* private candidates who are Europeans. In order to be admitted as a private candidate, a boy or a girl must have studied privately under conditions approved by the Inspector of European and Training Schools. No scholar from an unrecognised school and no one who has been a scholar at any school within one year of examination can be admitted as a private candidate.

3. The fees charged for admission to the Middle and High School Examinations will be at the following rates.—

	Rs.
High School and Scholarship examination	15

4. Applications for admission to these examinations should reach the Secretary to the Commissioner for Government Examinations, Old College, Nungumbakkam, on or before September 15th, 1913. Application forms and instructions relating to the filling up and submission of these forms can be obtained from that officer on or after August 15th, 1913.

6. The examination of candidates from the Civil and Military Station, Bangalore, will be in the main in accordance with the subjects prescribed in articles 95 and 97, respectively, of the Code of Regulations for European Schools in the Civil and Military Station, Bangalore. The conditions of success will be those prescribed in articles 96 and 98, respectively, of the same Code. The curricula will be those in use throughout the Madras Presidency for schools following the 'A' type, but the old system of compulsories and optionals will be retained. Geometry, Algebra and a second language are compulsories for boys. Domestic Economy is compulsory for girls. English and Arithmetic are compulsories for all candidates. No Botany paper will be set in the Middle School examination. The paper in Drawing for the Middle School will not contain questions on Geometrical Drawing. In the High School Examination, Model and Freehand will be taken together and Perspective and Geometrical Drawing will go together. Trigonometry and Physiology will also be retained as optional subjects, but no papers will be set in Logic or Political Economy for the High School Examination. Physiology is not a subject for the Middle School Examination.

5. The examination of candidates for the Middle School and Scholarship Examination from the Madras Presidency will be in the following subjects :—

REVENUE NOTIFICATION.

NOTIFICATION.

The undermentioned rules for the disposal of assessed waste lands and lands already held on conditional patta in the villages commanded by the Valgode project are published for general information.

Rule I.—A list of assessed waste lands proposed for irrigation under the Valgode Project will be maintained in each of the Taluk offices of Nandikotkur, Nandyal and Sirvel.

Rule II.—Such lands will be disposed of under the ordinary darkhast rules subject to the following modifications :—

(a) The maximum extent which may be assigned to any one individual will be 40 acres. In cases where sub-divisions are necessary, the minimum will be 4 acres and the prior claim of an adjoining pattadar will be restricted to one such sub division.

(b) The lands so assigned will for the present be liable to the assessment noted in the resettlement register. As soon, however, as water is made available for irrigation, one half of the extent assigned will be registered as wet and water-rate will be charged on this extent according to the rates in force at the time. The water-rate, however, will be reduced to quarter, half and three-fourths of the full water rate during the first, second and third year, respectively. The scale of reduced water-rate in the first three years will apply to further extents registered as wet from time to time. Ten years after irrigation has become available the whole area assigned will be registered as wet and be subject to full wet rates. The concession of reduced water-rate for the first three years will also be allowed in respect of patta dry lands converted into wet at the owners' request.

Rule III. (i) The patta granted will, for the present, be conditional, the conditions to be specified in the patta being—

(a) That so much, if any, of the land which may be found to be required for the canal, its distributaries, its subsidiary works, roads, village-site, threshing floors or other communal purposes and also for assignment in lieu of patta or inam lands taken up for those purposes must be given up unconditionally at a month's notice, without claiming any compensation whatever, Government being the sole judge whether the lands are required for such purposes.

(b) The land will be resumed if the pattadar refuses, when water becomes available, to convert at once one-half of the land assigned, or, after ten years the whole of it to wet, as specified in rule II (b) above.

(c) That if the pattadar does not cultivate the land within two years of its grant or if he alienates the land or any portion of it by sale gift or mortgage, without obtaining in writing the prior consent of the Revenue Divisional Officer before a permanent patta is granted to him, the whole land will be liable to resumption.

(ii) The conditional pattas granted under the above rules will be converted into permanent ryotwari pattas when the entire area assigned is registered as wet.

Rule IV.—All the conditions should be specified in detail in the order of assignment.

Rule V.—In disposing of the lands the rules of preference laid down in the darkhast rules in Board's Standing Order No. 15 (8) will be followed with the following modifications, viz :—

(i) That all applications received up to the 1st of December 1913 will be considered for purposes of preference as received on one and the same date.

(ii) That a conditional pattadar will be ranked as a pattadar for purposes of preference for an adjacent land.

Rule VI.—Tahsildars should be careful when considering applications from landless men to make sure that they are persons who are likely to settle in the village containing the land applied for, and more land should not be given to them than they are likely to be able to bring into cultivation and to convert into wet under the above rules.

Rule VII.—When dealing with applications from outsiders care should be taken, as far as possible, to prefer men who appear to be genuine agriculturists desirous of finding an outlet for surplus stock and capital, to persons who appear to be mere speculators.

Rule VIII.—Ryots to whom conditional pattas have already been granted for lands proposed for irrigation will be allowed to take new conditional pattas under the above rules for lands already granted to them and will be given the first claim for such lands. If they decline to take them and if the lands held by them be not required for the canal, its distributaries, its subsidiary works, etc., the matter should be reported for the orders of Government.

SALE OF LANDS WITH STANDING CASUARINA AND OTHER GROWTH THEREON IN THE CUDDALORE RANGE, SOUTH ARCOT DISTRICT.

Notice is hereby given that the Forest lands with the standing casuarina and other growth thereon, as described in the schedule appended, will be put up to public auction at the District Forest Office, Cuddalore New Town, on the 18th August 1913 and subsequent days subject to the conditions set forth hereunder:—

(1) All existing rights in the areas will be continued.

(2) The sale is subject to the confirmation of the Collector and Conservator of Forests, Southern Circle, who reserve to themselves the right to reject any bid without assigning reasons for same.

(3) Intending bidders must deposit Rs. 200 as earnest money deposit before the sale begins and must produce a solvency certificate granted by a Tahsildar or Divisional Officer, specifying the amount up to which the individual is solvent. The deposits of all except the highest bidder will be returned at the close of the sale.

(4) The successful bidder will have to pay up the full amount of his bid within a fortnight from date of receipt of intimation of confirmation of sale. Failure to do so will result in the forfeiture of the deposit made and resale of the block at the risk of the approved bidder, who will be responsible for any loss occurring by such resale and which will be recovered from him as arrears of land revenue under Act II of 1864. He will however have no claim to any profit arising from such resale.

(5) After confirmation of sale and in due course a patta will be granted for the land, assessed according to the land tax of adjoining lands.

(6) After confirmation of sale the successful bidder will have to make his own arrangements for the safety of the growing stock.

(7) Government do not guarantee the correctness of the area of any of the blocks notified for sale

(8) Intending bidders are advised to inspect the plantations beforehand and satisfy themselves as to growth, etc Subsequent complaints will not be admitted

(9) Further particulars, and map showing the divisions of the plantations in blocks, admitted rights, etc, can be had at either the District Forest Office, or Forest Range Office, Cuddalore

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 1 P.M., and 5 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 6·69 inches, the average due for the same period being 10·73 inches.

M.R.Ry. Rao Bahadur G. Narayanaswami Chetti Garu.

109. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday the 4th July 1913.

110. Read a note by the Chairman submitting an estimate amounting to Rs. 2,90,000 for the whole of the remaining Permanent Way extensions and remodelling, forming part of the Development Scheme already adopted for which the 50-lakh loan is being raised—so far as such extensions and remodelling are not already covered in various minor sanctioned estimates.

Resolved that the plan and estimate be approved under section 76, and be submitted to Government for sanction under the same section, as well as for sanction to the debit of the expenditure to Capital under section 75 of the Madras Port Trust Act; funds to be provided by a contribution to Capital from the Trust's Revenue balances enhanced by the proceeds of the 50-lakh loan.

111. Read a note by the Chairman submitting an estimate amounting to Rs. 2,75,000 for a granite-paved road on concrete foundation with guard rails and all appurtenances thereto between the West Quay and the line of shedding. It is noted that the work in question forms part of the Development Scheme already adopted for which the 50-lakh loan is being raised.

Resolved to approve of the estimate under section 76, and to submit it to Government for sanction under the same section, as well as for sanction to its debit to Capital under section 75 of the Madras Port Trust Act; funds to be provided from revenue balances enhanced, as these will be, by the proceeds of the 50 lakh loan.

112. Read a draft of the Administration Report of the Trust for 1912-13 submitted by the Chairman.

Resolved that, subject to such minor alterations as the Chairman may find it necessary to introduce before the next meeting, the report be approved and adopted.

113. Resolved to adopt the following procedure for collecting dues on cargo landed at the Port from a vessel in distress:—

(*a*) All cargo to pay export harbour dues on landing except such cargo as may already have paid export harbour dues at Madras.

(*b*) All cargo to pay *cranage* both in and out and *storage* while on the Trust's premises, at the usual rates.

(*c*) Cargo found sound, and re-shipped without having left the Trust's premises, to be exempt from further export harbour dues.

(d) Where marks are indistinguishable and the cargo is landed in bulk, or under such conditions that the tonnage is not readily ascertainable, the licensed carrying capacity of the barge that brings the cargo to shore to be taken as the tonnage—a proportionate reduction being made for half loads. Where marks are indistinguishable and the cargo is landed direct on to a quay in bulk or under such conditions that the tonnage is not readily ascertainable, the measurements to be made by actual cubical contents at 50 cubic feet to the ton.

114. Read two applications dated respectively the 8th April and 9th July from Messrs. Spencer & Co., asking to be excused certain harbour dues, orange and storage charges, amounting to Rs. 243-10-0, on 193 hogsheads of ale imported in a damaged condition by the "Clan Farquhar" and "Clan Urquhart" from the wrecked S S "Clan Mackenzie" and destroyed at Madras under instructions from the Collector of Customs.

Resolved that Messrs. Spencer & Co's request be granted.

115. Read again Port Trust Board Resolution No. 38, dated the 8th May 1913, to the effect that, on his retirement on medical certificate, Mr. R. Graham, late Traffic Manager, Madras Port Trust, should be granted a gratuity of six months' pay in addition to what he is entitled to under Provident Fund Rules.

Read G O. No. 216 M., dated 23rd June 1913, refusing to sanction the proposed gratuity to Mr Graham.

Resolved that Government be asked to sanction a grant of three months' pay to Mr. Graham, being the equivalent of the six months' half-pay leave which he might have taken, prior to his retirement, had the Civil Service Regulations been strictly applicable to his case.

116. Recorded a note by the Trust's Chief Engineer, dated 9th July 1913, to the effect that on the 8th instant he remitted to the President, Corporation of Madras, the first instalment, Rs. 30,000, of the cost of constructing an intercepting storm overflow sewer in the North Beach road as sanctioned in G.O. No. 189, M., dated 2nd June 1913, recorded in Board Resolution No. 76, dated 6th June 1913.

117. Read again Port Trust Board Resolution No. 514, dated the 21st January 1913, to the effect that a powerful tug should be obtained for aid in the mooring of vessels using Madras Harbour, the cost to be provided for by Government being asked to sanction a rise in Port dues from 6 to 12 pies per registered ton of shipping making use of the port.

Read Government order thereon contained in G O. No. 174, Marine, dated the 13th May 1913, sanctioning the purchase of the tug but suggesting certain alternative methods for providing for the cost of its working.

Read a note by the Chairman, dated the 9th July 1913.

Resolved that the cost of the tug be debited to the Port Trust Capital Account and that, as in the case of other Port Trust plant and vessels, she should be kept on the Trust's books.

Resolved also that the cost of working the tug be a debit to the Port Fund and be met as follows:—

(a) by a charge, for credit to the Port Fund, of Rs. 30 on each vessel on each occasion of her making use of the port—one entrance and one exit to constitute one use—whether the services of the tug are or are not made use of for aid in the mooring of such vessel. But small sailing vessels under 500 tons register not to be charged such fee, and

(b) by the Port Fund annual surplus being no longer as heretofore made over by order of Government to the Port Trust account, which is no longer in need of such aid.

118. Read a note by the Traffic Manager, dated 4th July 1913, proposing a new scale of hours and wages for certain shunting and coupling porters employed by the Trust.

Resolved to accept the new scale, and that it be embodied in the scale of labour rates for harbour porterage adopted by Port Trust Board Resolution No. 147, dated the 19th of August 1909.

119. Read G O. No. 1362-W., dated 27th June 1913, forwarding, for an expression of the Board's opinion, a Bill further to amend the Indian Telegraph Act of 1885.

Resolved that Government be informed that the Bill appears to the Board to be suitable in all respects.

120. Read and recorded Marine Department Endorsement No 936-1, dated 9th July 1913, forwarding correspondence relating to the proposal that securities issued by local public bodies in India, but not covered by the Indian Securities Act should be allowed to stand in the name of the Public Trustee, England.

121. Recorded the chart showing soundings and dredging for the 2nd quarter 1913.

122. The following statement comparing harbour dues collected in and up to the end of June 1913, with those for the corresponding period of the previous year, was ordered to be recorded:—
